The Oxford Handbook of Regulation is a comprehensive guide to regulatory theory and practice, covering a wide range of topics from the history of regulation to the latest developments in regulatory theory and practice. The Handbook is written by a team of leading scholars in the field of regulation, and it provides an authoritative and up-to-date overview of the field.

Topics Covered

The Handbook covers a wide range of topics, including:

- The history of regulation

- Theories of regulation
- Regulatory institutions
- Regulatory processes
- Regulatory outcomes

The Handbook also includes a number of case studies of specific regulatory regimes, such as the regulation of financial markets, the regulation of environmental pollution, and the regulation of public utilities.

Audience

The Handbook is intended for a wide range of readers, including scholars, policymakers, and practitioners. The Handbook is also an excellent resource for students of regulation.

Reviews

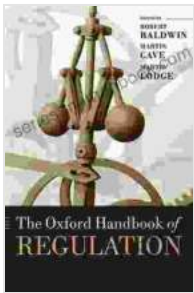

The Handbook has received critical acclaim from leading scholars in the field of regulation.

"The Oxford Handbook of Regulation is a major contribution to the field of regulation. It is a comprehensive and authoritative overview of the field, and it will be an essential resource for scholars, policymakers, and practitioners." - David Vogel, Harvard University

"The Oxford Handbook of Regulation is a timely and important contribution to the study of regulation. It brings together leading scholars from a variety of disciplines to provide a comprehensive and up-to-date overview of the field. The Handbook is a must-read for anyone interested in the study of regulation." - Cary Coglianese, University of Pennsylvania

The Oxford Handbook of Regulation is a comprehensive and authoritative guide to regulatory theory and practice. It is an essential resource for scholars, policymakers, and practitioners, and it is also an excellent resource for students of regulation.
